BURIED IN PAPERWORK AND LOSING TIME?

time chasing forms.*

**E-DATA helped us
digitise our core
processes.**

*Now everything is stored,
tracked and accessible in
seconds.*

Simple Changes.

>>>

RUNNING OUT OR OVER-ORDERING?

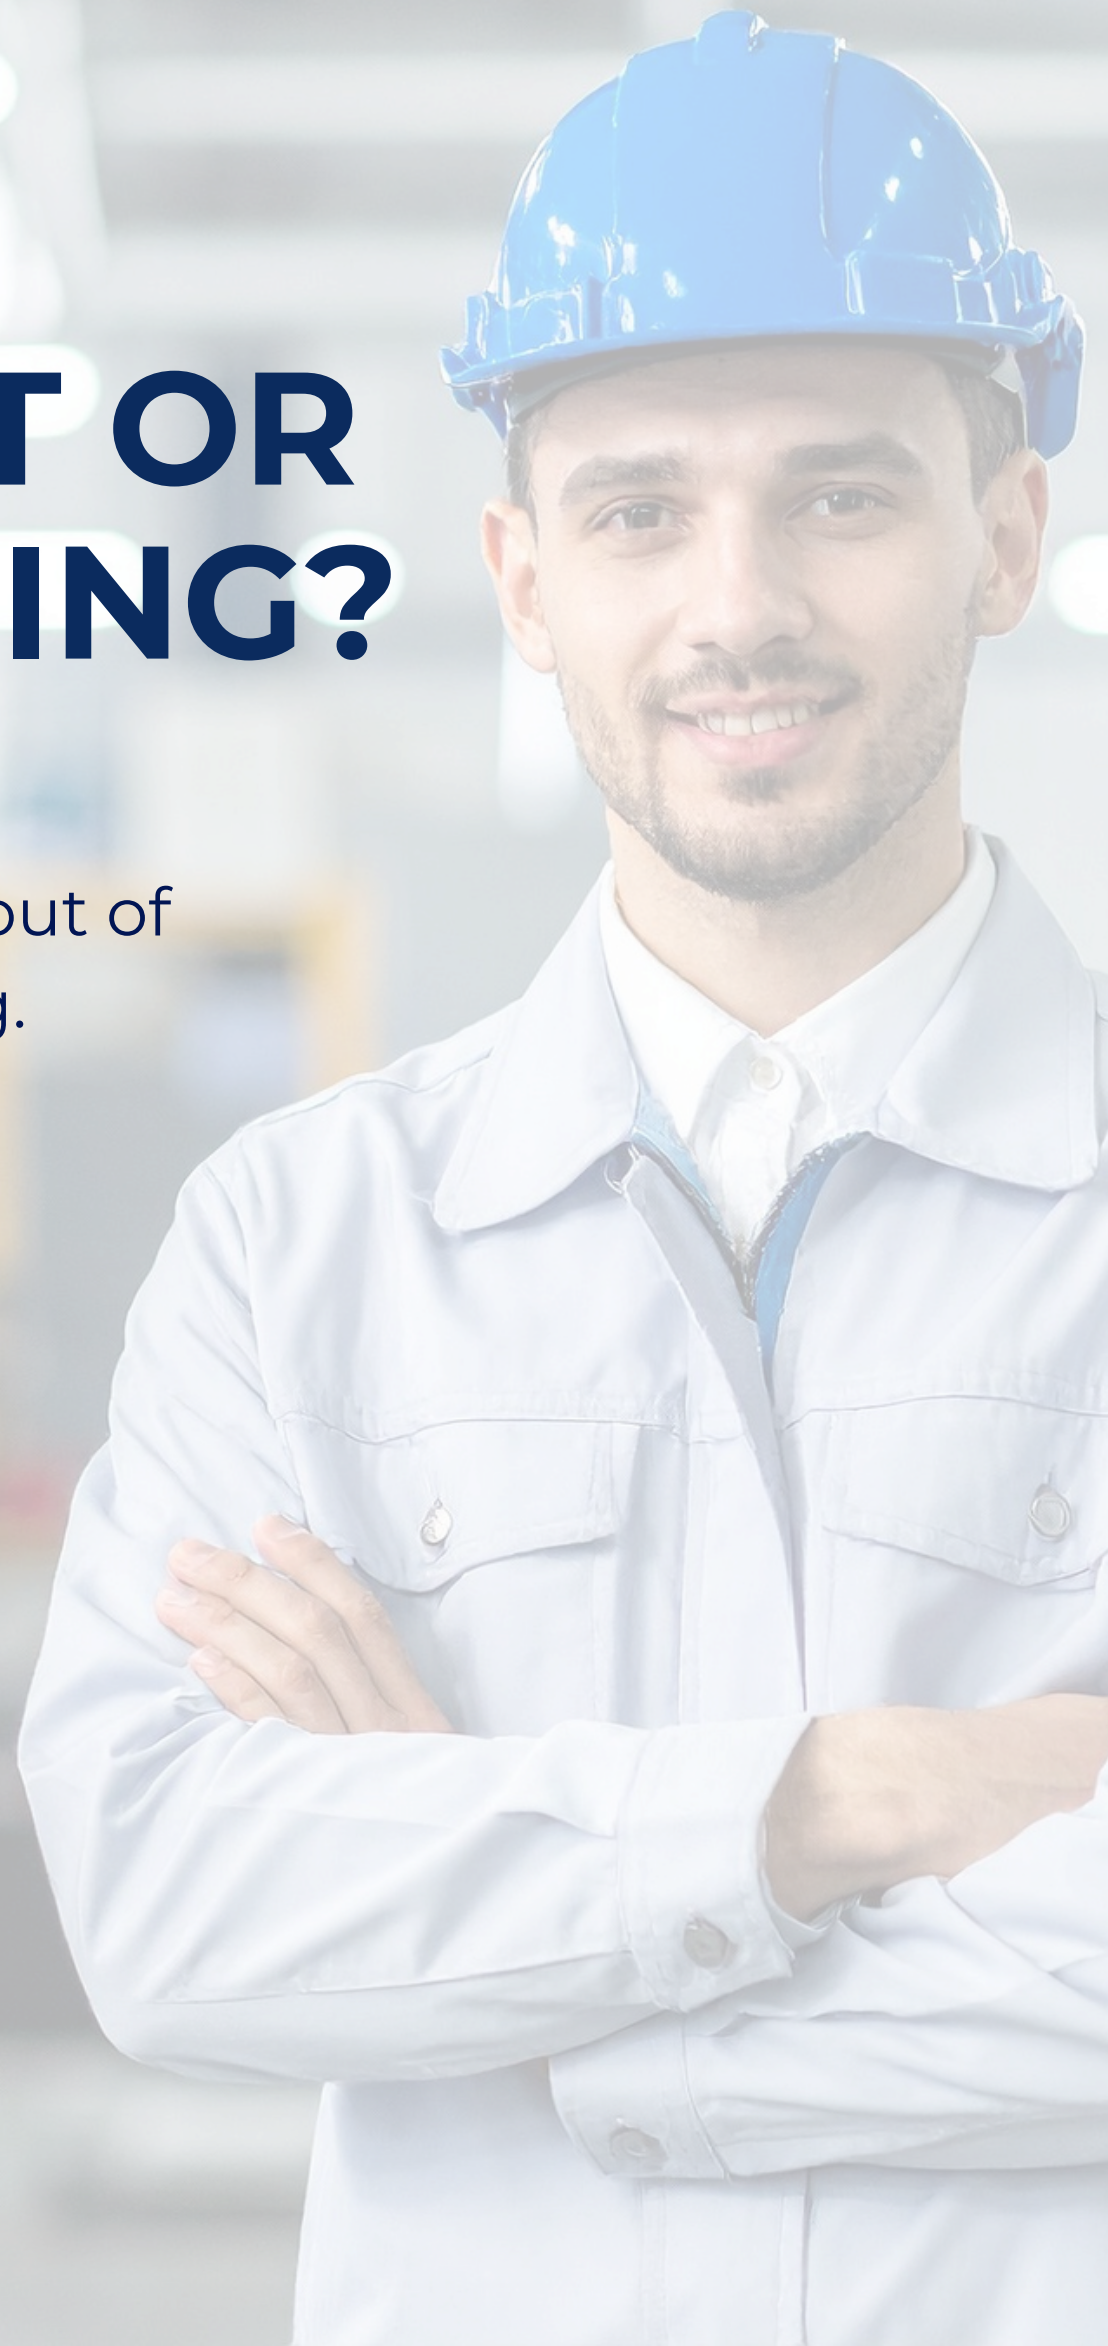

We were constantly running out of key materials or over-ordering.

E-DATA helped me put a simple stock tracking system in place.

Now we know what we have, what we need and when to reorder.

Streamline. Simplify. Succeed.

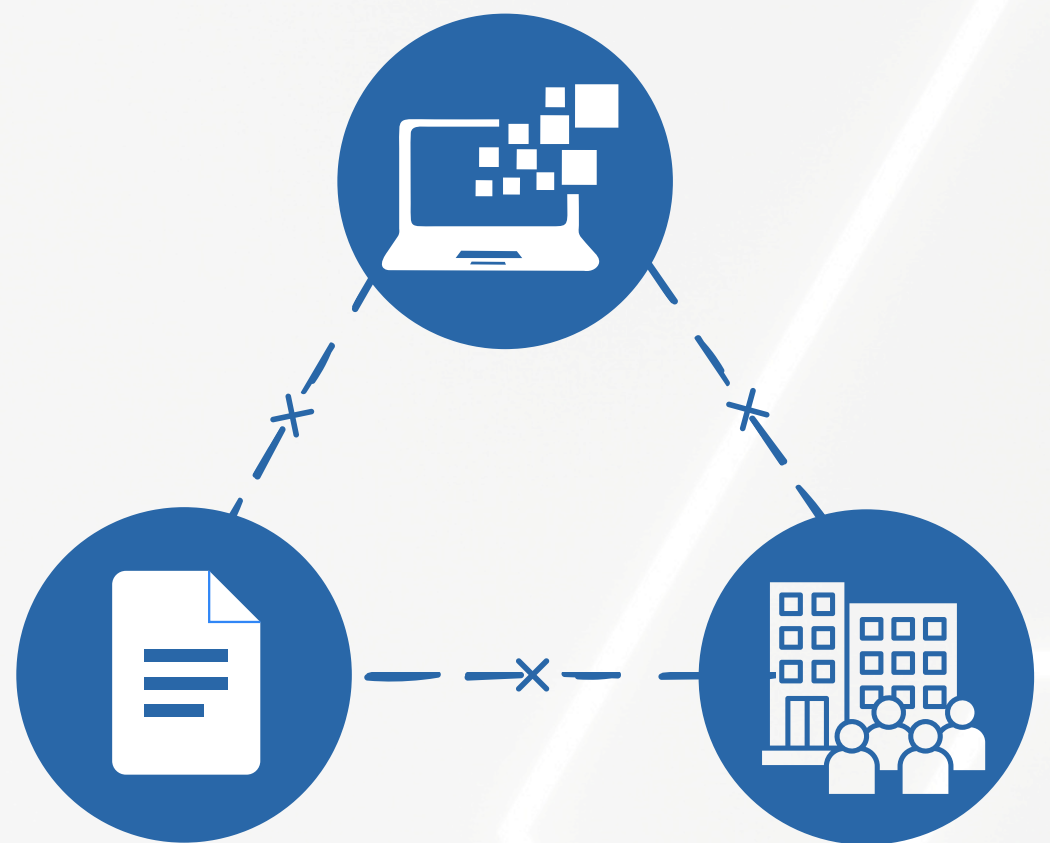

SYSTEMS NOT TALKING TO EACH OTHER?

We had accounts, orders and production all running seperately.

**E-DATA helped us
connect our key business
processes.**

*Now accounts, orders and
production work together in
one system.*

More Control. Less Complexity.
