

Nextcloud Hub

Welcome to Nextcloud Hub, your self-hosted collaboration platform.

Nextcloud Hub is the open source file share and collaboration software for everyone from individuals to large enterprises and service providers. Nextcloud provides a safe, secure and compliant online work environment on servers you control.

With Nextcloud Hub you can:

- Sync and share and access all your files and documents from all your devices
- Communicate with other via chat, audio or video calls
- Access, manage and share your calendars and contacts
- Plan, schedule and manage tasks
- View and share your photos and media files
- Access your emails
- Edit your documents with others, in real time

You can do all of this in the web interface, via your desktop, laptop or your Android and iOS devices.

Whether using a mobile device, a workstation, or a web client, Nextcloud provides the ability to put the right files in the right hands at the right time on any device in one simple-to-use, secure and private solution.

For Nextcloud in mission-critical environments or at larger scale in a professional organization, we are ready to provide you with what you need for success.
